

Hi All,

Last weekend at Wyangala we tried a new way of getting helpers as suggested by Wayne Harrison and it appeared to work quite well so we now need for EVERY BOAT to nominate a Team Captain who will nominate 2 people to Chris Bennett the help coordinator.

These people are to be your nominated helpers for the rest of the series races including the State Titles.

We had drivers, observers, skiers, aunts; uncle's help at the weekend so make sure the captain spreads the work load around.

It was great to see even superclass drivers spending time out on course so don't think anyone is above helping with the judging duties. If former world champions can do the spotting in the bus so can you. Don't come up with the excuse you don't know what to do as we will be pleased to show you.

Try to nominate a suitable period in which you want to work or Chris will do that for you.

If you are interested in looking to become a judge please let us know and we can point you in the right direction.

We are looking for new people to become part of our judging team. You can do starts, finish, work on turns or even end up in the tower timing.

We also have a couple of dates set aside for Grand Prix events at Kanahooka and we are looking at changing the November date to finish off the series that was stopped due to inclement weather.

This means that on the 27/11/2011 we will hold the Sundays 1 up events from the washed out series. If you do not have an entry in any of these events we will take any entries and add them to those already entered.

We are looking at making it an all day event so if there are any people interested in having a grand prix race down here also please let me know. Once I have the numbers of those that want to do a G/P I will decide on the best way to run it.

In regards to the other date (11/12/2011) I need to know if you the competitors want to have this G/P so we can book the venue and arrange everything that we need to run these events.

Looking forward to hearing from anyone interested.

Regards

Ken Cheetham
