

Series Round 1
August 13/14, 2011
Wisemans Ferry

The first of the Ski Racing NSW, HiTec Oils sponsored, point score series events, for the 20121-12 season, was held at the Wisemans Ferry Ski Gardens and all crews came out firing.

Adding to the excitement of this first hit out for the New Year, was the appearance of several awesome looking new boats and crews. It was great to see the Mistress crew back in the mix, after barrel rolling the old Everingham hull at Wagga, at the Barry Carne Memorial in 2010. The new Force hull looks fantastic.

There were some outstanding performances on the weekend, with a lot of the upcoming World Titles Aussie Team members using it to really hit their peak in racing conditions.

The excitement is really building for the World Titles, to be held on Moreton Bay, Brisbane, Queensland from the 8th-19th September. There was a real buzz at Wiseman's Ferry, as everyone contemplates what will unfold, when the World's best hit town chasing those 6 elusive titles.

Series #2 for NSW will be held on the 24th & 25th September at Wisemans Ferry.
